

For our Client, a global manufacturing Company, who has opened a Shared Service Centre, we are currently looking for Candidates for a position of:

SAP (FINANCE) PROJECT MANAGER

Location: Łódź

Ref. nr. : SPM/01

Scope of duties:

- To manage a finance testing and training team for a global SAP roll out.
- To deliver a testing agenda for finance that spans Integration testing through into User Acceptance testing, and to work with testing leads in each of the other (non-finance) process teams
- To work with a global build team to resolve issues discovered in testing
- To work with the finance training lead and the Main Office programme training managers to deliver shared service finance training to the Lodz shared service centre
- To facilitate the finance training of non-shared services finance managers using Lodz as a base for some of this
- To provide ad hoc finance support to the BPM finance process lead as required on a broad range of project tasks as experience and capacity permits

Experience required:

- A mixture of business management and project management gained in a make market sell global organisation
 - SAP user, possibly super user or even FICO qualified.
 - Experience of SAP implementation projects and ideally of BPR projects
- Ability to work under tight project deadlines and deliver to those deadlines
- Shared service experience advantageous
 - Good spoken and written communication skills in both English and Polish, with other languages an advantage
 - An ability to be comfortable with ambiguity and uncertainty, demonstrated by an ability to take the lead where this is lacking.
- Ability and willingness to travel both to the US and other European countries (not more than 15%)

Our Client offers:

- Possibility to lead a challenging project
- Work in an international environment
- Excellent working conditions and attractive remuneration package
- Employment for the duration of the Project: 6-12 months
